

Canihan Family

Canihan Family Exuberance Syrah

California-Sonoma

Syrah

### The History

The Canihan Family produces award-winning Pinot Noir, Syrah, and Cabernet Franc from our certified organic estate vineyards in the heart of the Sonoma Valley

### The Vineyard

The Canihan Family vineyards are ideally located in the Sonoma Valley, and because we border on the Los Carneros Appellation, the vineyards receive the cool evening breezes and frequent fog from San Francisco Bay that provide for perfect grape growing conditions. Organic vineyard management practices, dry-farming, hand-harvesting only at complete ripeness, fermentation with naturally occurring native yeast, and no fining or filtering result in flavorful wines expressive of our “terroir”. Our commitment to elegant and flavorful wine is also evidenced by our low yields, which never exceed two tons per acre

### Tasting Notes

Engaging and elegant Syrah. It is bright and rich to the nose, offering blueberry, boysenberry, red raspberry and red rose aromas, with notes of bouillon, smoked meat and black and white peppercorn in support. It is already silky on the palate, with a generous mouth-feel and lots of blackberry, raspberry, bouillon, black tea, and peppercorn flavors that linger in a youthful, yet elegantly expressive mix
