

CHATEAUNEUF DU PAPE

Baronne Vincent

SYLVAIN FESSY

2005

Nice blend of Grenache, Syrah, Mourvedre, cinsault, Picpoul, Terret Noir, Cournoise, Muscardin and Vaccarese.

Chateauneuf du Pape qualities are obtained by playing with the varieties of grapes. Grenache brings the mellow and a good degree of alcohol. The Mourvedre, Syrah, Muscardin and Vaccarese would add the body, the color and the steadiness.

The Cournoise, Picpoul and Cinsault give the bouquet and freshness.

All those elements brings a fleshly wine, with a nice sustained color and an incredible "vinosite".
