

VALURIA

Tinto Roble 2001

Succulent on the palate this full bodied wine displays mature fruit aromas and an elegant spicy aftertaste. Ideal with red meat and aged cheese and poultry.

History:

The plots owned by the winery have belonged to the family for generations and we have always made and marketed the wine locally. With his own hands, my great grandfather built a press that is now over 100 years old and which we still keep; said press was used to make a muscatel wine that was very popular in the area.

However, it was not until 1987 that the current project was drawn up and the vineyard restructured in anticipation of the grapes reaching sufficient quality for the making of great wines. In 1998, PILCAR was founded (in memory of Pilar and Carlos, my grandparents, who began the wine-making saga), and we began to make the first wines.

In December 2000, we presented our first wine: Vinya Concejo Crianza 1998. Shortly afterwards, we produced the company's joven wines from the Carredueñas estate.

Fdo. Enrique Concejo
