Cabernet Sauvignon

### The History

This wine was created for the “by the glass program” in restaurant. After researching for the best quality, we selected exclusively this wine to fit the broad market. We contract this wine once a year from the same winery and produce enough to share in exclusivity for Wine-Street, our retail partner.

Cabernet Sauvignon: Originally of French origins, this versatile grape produces exceptional wines around the globe. It’s usually medium to full bodied with a fine structure that supports black and red fruit flavors with typical notes of olive, chili and herbs that add complexity

### Tasting Notes
