Chardonnay

The History

This wine was created for the “by the glass program” in restaurant. After researching for the best quality, we selected exclusively this wine to fit the broad market. We contract this wine once a year from the same winery and produce enough to share in exclusivity for Wine-Street, our retail partner.

Chardonnay is America’s most popular grape and with good reason. Made in styles that range from steely, mineral laced wines with crisp green apple fruit to wines that are buttery, rich, and laden with tropical fruits, there is a Chardonnay that will appeal to every palate. Chardonnay is most closely associated with France’s Burgundy region and California’s Northern valleys though it has proven successful around the globe

Tasting Notes

This crisp Chardonnay has rich apple and pear notes balanced by sweet vanilla oak.
