CUVELIER LOS ANDES

CUVELIER LOS ANDES COLECCION
MERLOT

ARGENTINA—MENDOZA

HISTORY

The Cuvelier Los Andes S.A. vineyard was planted in 1999 with a density of 5500 plants per hectare. Today the vineyard stretches over 55 hectares (136 acres) with 10 hectares still to plant.

The main grape variety is Malbec. We have also planted Cabernet Sauvignon, Merlot, Syrah and Petit Verdot. This enables us to create our own blended wines and also contribute to those of Clos de los Siete. Basking in the warm, dry climate of Mendoza, cooled by the refreshing night air of the Andes, our vines are ideally situated to express the character of their various grape varieties in this stony, alluvial gravel [soil](#).

The Grape

100% Merlot

Tasting Notes

The 2010 Coleccion Merlot offers up a fragrant perfume of oak, red fruits, and a touch of herbs and balsamic. With excellent richness and length, it offers outstanding value in a wine that is meant for drinking over the next 5-7 years. .
