SANTA EUROSIA PROSECCO BRUT

Valdobbiadene

PROSECCO

The History

In Valdobbiadene, the vocation for wine-growing has ancient roots, as in this unique microenvironment unique conditions occur, for which a limited production of wine, corresponds to an entirely unique level of quality. The Company St. Eurosia of Giuseppe Geronazzo was born in San Pietro di Barbozza in the heart of the Prosecco and Cartize, an extraordinary land foundation of our philosophy of life. Our wines in fact, supporting the potential of nature, give outstanding results. The 'prise de mousse' long and cared for, pays off with a unique product that rewards a feeling of bursting strength and youth

The Grape

100% Glera (Prosecco)

Tasting Note

Very high quality prosecco coming from the heart of the Prosecco valley in Valdobbiadene. Fresh, intensively perfumed, round, very well balanced and with a good aromatic persistency with a toasted almond final.

Food Pairing

The serving temperature is between 5 and 7 degrees. It is ideal for aperitifs and to accompany fish antipasti

Order Desk: 800 946-3664
