CABERNET SAUVIGNON

The History

California's best wines are handcrafted by dedicated winemakers in small quantities. These artisanal wines are set aside to become forgotten, or stored deep in cellars throughout Wine Country. Master Winemaker Sam Jennings seeks out these hidden caches, selecting only the most drinkable, unique, and highest-quality products for bottling under his own moniker as The Vintager.

The Grape

100% Cabernet Sauvignon

Tasting Note

Aged in new French oak, this wine asserts ripe, red fruit and a velvety tannic structure; it is at once approachable and elegant.
