VINTAGER CHARDONNAY

CALIFORNIA

CHARDONNAY

The History

California's best wines are handcrafted by dedicated winemakers in small quantities. These artisanal wines are set aside to become forgotten, or stored deep in cellars throughout Wine Country. Master Winemaker Sam Jennings seeks out these hidden caches, selecting only the most drinkable, unique, and highest-quality products for bottling under his own moniker as The Vintager.

The Grape

100% Chardonnay

Tasting Note

The result is a full-bodied, yet balanced wine with well-integrated oak and a long finish. Notes of crisp apple, blood orange, and vanilla shine through this golden Chardonnay.
