Tinto de Torro

Tasting Notes

100% Tinta de Toro. Cherry-red color with purplish hues of medium-high intensity. Intense berry aromas of strawberries, raspberries and blackberries. There are overtones of citric fruits and yellow flowers with a touch of licorice and ripe fruit. On the palate it is pleasant, zingy, and fresh. It has elaborate tannins that together with the proper level of acidity proportion it with elegance, roundness and balance. An excellent value
