VIVIER GAP'S CROWN

Sonoma Coast

PINOT NOIR

The History

Gap's Crown, tucked on the western hillside of Sonoma Mountain, is fanned by the cool ocean breezes that push through the Petaluma Gap. Our block is between 980-1180 feet above sea level. This is a favorite of Stéphane because of the long growing season, rocky soil and inhospitable weather

The Grape

100% Pinot Noir

Tasting Note

This wine is complex and stylish. On the nose is an interplay of violet and mineral notes accented by intense red fruit. Elegant upon entry with a light earthiness and spice this wine opens on the palate fully balanced by juicy red fruit. Adequate acidity and minerality tame the succulence of fruit leading to a satisfyingly complete finish.
