**The History**

The Cuvelier Los Andes S.A. vineyard was planted in 1999 with a density of 5500 plants per hectare. Today the vineyard stretches over 55 hectares (136 acres) with 10 hectares still to plant. The main grape variety is Malbec. We have also planted Cabernet Sauvignon, Merlot, Syrah and Petit Verdot. This enables us to create our own blended wines and also contribute to those of Clos de los Siete. Basking in the warm, dry climate of Mendoza, cooled by the refreshing night air of the Andes, our vines are ideally situated to express the character of their various grape varieties in this stony, alluvial gravel soil.

**The Grape**

**55% Malbec, 45% Merlot**

**Tasting Notes**

Deep and very intense violet red. Attractive with very fine lactic notes and ripe plum, with notes of honey, white pepper and roses very tasty attack, returns ripe plum and white pepper, good body, unctuous and long. Very rich and balanced wine
