# Lobetia Sauvignon Blanc

Castallia

Punctum Vineyard

## The History

Lobetia gets its name from the Lobetani, an ancient pre-Roman people of Spain, and reflects the tradition and heritage of the land. This is a 100% Sauvignon Blanc, made using grapes that are night-harvested, ensuring that they retain their optimal level of freshness and acidity. Although this grape variety has been widely planted, what makes Lobetia's Sauvignon Blanc stand out is its remarkable ability to adapt to the unique climate of Punctum's terroir. This region's temperature fluctuations between day and night facilitate the slow ripening of the grapes, resulting in a complex range of flavors.

## The Grape

**100% Sauvignon Blanc**

## Tasting Note

A golden hue and aromas of citrus. Medium bodied with crispy acidity that leads into elegant minerality that lasts on the palate.
