**HISTORY**

To many visitors, Montmartre is considered the very heart of Paris. Surrounding the city's prominent hill, below its white-domed Basilica of the Sacre Coeur, Montmartre was once the bustling, free-wheeling entertainment capital of Europe, home to such famed attractions as the Moulin Rouge cabaret. Since the mid-1800s, artists like Picasso, Matisse, Salvador Dalí, van Gogh and Toulouse-Lautrec have all occupied studios around this landmark hilltop.

Montmartre sparkling wine is a distinctive cuvee that salutes this exuberant bohemian community of painters, poets, musicians and dance-hall performers.
